MIMIC

Weight: 30 kg
Age: 32
Team: Eggman Empire, Diamond Cutters
First Appearance: Sonic: Tangle & Whisper #1

Mimic is a master of disguise and manipulation. He was an invaluable spy and infiltrator for the Diamond Cutters and helped them strike many blows to the Eggman Empire.

His goal wasn't freedom, though. Mimic only sought prestige and riches. When things started to look dire, he would always look out for himself first.
